

Square Foot Gardening Workshop to be held

Saturday Feb 25th at DUMC

Once again the Earth Stewards are sponsoring a Square Foot Garden Workshop. We are holding the class in February to give gardeners time to plan their gardens and get the necessary materials prior to the time to plant. The SFG Workshop will consist of beginners and advanced sessions.

SFG 101 - **An Introduction to Square Foot Gardening.** You will learn the history of the method that was created by Mel Bartholomew and the 10 Basics so you will get 100% of the harvest with only 20% of the space, 10% of the water, 5% of the seed and almost none of the weeds and work of a traditional row garden. You will learn how to start your own Square Foot Garden. 10 am - noon.

SFG 201 - **Continuing SFG** will show you how to extend your growing season using simple materials, protect your garden from different critters/pests, grow large/vining crops vertically and adapt a garden for those with mobility issues including those who are confined to a wheel chair. You **MUST** have taken SFG 101 and have a good grasp of the 10 Basics of SFG. 1 pm - 3 pm.

SFG 301 - **This is the ultimate gardening class.** It is a combination of both SFG 101 and 201 to be taken on the same day, with a break for lunch. 10 am - 3 pm. Please bring a bag lunch if you will be attending the SFG 301 workshop.

Build a Box workshop to be held on March 17th - cost is \$5.00.

Contact Kathy Geehrens kegeehrens@verizon.net or call 301-253-6437 to sign up or for questions.
